EIGHT TRACTS OF LAND FOR ALBERTA PARKS

Edmonton, Dec. 5.—Official declaration of the setting aside of eight tracts of Alberta lands for provincial parks purposes was made by the provincial executive council on Monday. While these lands have been in use for some time as parks the official setting aside of them for this purpose confirms the action taken under legislation passed at the 1930 session of the house.

The parks in question are Ghost River, Park Lake, Hominy Park, Sylvan Lake, Lundbreck Falls, Gooseberry Lake, Saskatoon Island and Aspen Beach, all of which are well known and highly popular spots.

While it is not expected that any extensive development will take place under existing conditions, all these spots are natural beauty haunts and are or can be made excellent picnic places with little or no effort.

AUDIEN THEATRE TO ASSIST WELFARE LEAGUE

We are pleased to announce that the Audien Theatre is holding its second annual matinee in connection with the Welfare League on Monday next, December 12th, commencing at 4 o'clock. The kiddies will be delighted to know that the program will be Jackie Cooper in "Society," "Backyard Pollys," and "Betty Boop Limited."

Mr. Grant, manager of the theatre, desires to sincerely thank all the children who assisted last year, when over six hundred toys, all in A-1 condition, were received at the time of the matinee.

Weddings

ZIELKE—GRINDE

A pretty wedding took place at 2:30 o'clock on Wednesday, Nov. 23, when Elsie Matilda Grinde, youngest daughter of Mr. and Mrs. August Grinde of Wetaskiwin, became the bride of William Zielke, son of Mr. and Mrs. Zielke of Wetaskiwin. The ceremony was performed by Rev. Ohlinger at the Brightview church. The bride was charming in a gown of white silk tulle. Her veil was held in place by orange blossoms, and she wore white silk gloves, white slippers, and carried a shower bouquet of roses and ferns.

Miss Annie Deering, the bride's only attendant, was becomingly gowned in pale green crepe with hat and gloves to match. The bridegroom was attended by the bride's brother Fred.

Following the ceremony a sumptuous wedding dinner was served at the home of the bride's parents, about one hundred guests being present.

The bride's table was centred with a three-tier wedding cake, nestled in tulle.

In the evening a reception was held when over one hundred friends and relatives gathered to extend congratulations and good wishes to the happy couple.

The bride and groom were the recipients of many beautiful gifts. Mr. and Mrs. Zielke will make their home on their farm west of Wetaskiwin.

KLINGBEIL—KELEST

A quiet but beautiful wedding was celebrated at the home of Mr. Piel at Falun, when Gustav Klingbeil of New Sarepta, and Elsie Kelest of Falun, were united in the bonds of Holy Matrimony, on Wednesday, November 23rd. Rev. H. G. H. Klingbeil brother of the groom, officiated.

A delicious wedding supper was served at the home of the bride. The evening was spent in singing and playing games.

The happy couple are making their home at New Sarepta, in the home of the "parents" of the groom. Their friends join in wishing them a happy and contented life.

AN UNEXPECTED VISITOR

While busily engaged plucking ducks on Tuesday, the Podriska family, living west of Hobbema, were greatly surprised with a most unexpected visitor, a weasel.

It is thought that a tub of feathers which was sitting out in a shed, and when the tub was brought into the house to add more feathers the little fellow jumped out and ran under the cabinet. A chase began at once, combined with laughter and screams.

When the hired man who was outside, heard the screams coming from the house, he quickly went to investigate, and was greatly surprised to find the children screaming and sitting upon the table. He soon found what the excitement was about and joined in the chase, while the little fellow ran from one room into another, up walls, under and over beds, and stopped for a moment in a corner shelf to eye his capturers.

The chase was kept up for about an hour when the little fellow was finally captured with the aid of a dog. The results were a broken broom stick, a bent stove pipe, and some furniture being upset while being carelessly moved about in the weasel chase.

On Saturday, Dec. 3rd, the Golden Glow C.G.T.F. held a quaint Japanese tea in the basement of the United Church. The room was artistically decorated in Japanese fashion. A large table loaded with Japanese curios, which were loaned by a kind friend, was on display, and attracted a great deal of interest. Tea was served in regular Japanese cups. The tables were waited upon by the girls, who were dressed as Japanese maidens. An interesting program was carried on throughout the afternoon. A splendid amount was realized as a result of the tea, and the girls wish to sincerely thank all those who so kindly assisted in making it a success.

She also thanked Mrs. Enman for being so kind as to direct the play for the Lodge, and presented her with a lovely gift of appreciation. Mrs. Enman taken very much by surprise, replied in a fitting manner. Brother Walker spoke a few words, which were reported to by Bro. C. D. Enman on behalf of the cast, thanking the ladies for the lovely banquet, the Elks for the use of the hall for rehearsals, and L. D. Montgomery for his assistance at all rehearsals.

Obituary

MRS. M. AMUNDSON

There passed away in the Wetaskiwin hospital on Saturday last, Mrs. M. Amundson, beloved wife of Mr. M. Amundson, at the age of seventy-one years, eleven months and twenty-two days. The late Mrs. Amundson was born in Solor, Norway, emigrating from her home land to the United States at the age of nineteen. In 1884 she was united in marriage to Charles Hagen, of the vicinity of Moun, Iowa. They moved to Minn., N.D., where they took up ranching. In 1905, they moved to Canada, and settled on a homestead in Battle Lake district. Their marriage was blessed with eleven children, four of whom have predeceased her. In the spring of 1914 she was left a widow, and with some of the smaller children, she had to assume the responsibility of running the farm. But she was not easily discouraged, and with the help of the younger boys, continued to run the farm for seven years, when she gave over the management of the farm to her sons. She then spent a couple of years with relatives in the States, and in 1922 was united in marriage to Martin Amundson. After their marriage they resided for about three years at the coast, when they returned and settled in Wetaskiwin. The late Mrs. Amundson had enjoyed very good health until about four years ago, when it was discovered that she was suffering from diabetes. In spite of every precaution, her health continued to fail, and about six weeks ago she was obliged to go to the hospital, where she lingered until Saturday last, when she quietly slept away from her pain and suffering.

She is survived by her husband, seven children, twenty-one grandchildren, and a host of friends and acquaintances, who mourn her departure.

The funeral took place on Tuesday, services being conducted in the Norwegian Lutheran Church by Rev. O. Asper. The bearers were Messrs. Halgren, O. H. Ronn, J. Torgeson, A. W. Anderson, E. J. Jones and J. Asper.

The floral tributes were very beautiful, attesting to the esteem in which deceased was held. The interment was made in the Wetaskiwin cemetery.

Two Meetings Make Bid For Farmers' Vote in East

Toronto, Dec. 1.—Hailing the co-operative commonwealth federation as the coming political body to rule Canada, thousands of Toronto's citizens last night overflowed from two meetings here and cheered four members of parliament who are leaders of the new body.

At a meeting sponsored by the federation and attended by Labor and United Farmers of Ontario, crowds so packed the hall that a second meeting was held simultaneously some blocks away, from both meetings hundreds were turned away, unable to gain entrance.

Speakers on the programs were J. S. Woodsworth, M.P., Winnipeg North Centre—cheered on his appearance as "our next premier" by shouting supporters—Agnes MacPhail, M.P., Southeast Grey, Wm. Irvine, M.P., Wetaskiwin, Alta., and Robert Gardner, M.P., Acadia, who addressed the States on the 12th and regarded them as a phenomena of the breaking up of a social order. "What we are witnessing now," he said, "is the breaking up of the capitalist system. Feudalism died, slavery died, and capitalism is about to die. It has no claim on eternal life. Comedy Well Staged by Local Caste

On Wednesday evening of last week, the Audien Theatre was well filled by citizens from both Wetaskiwin and surrounding community, to enjoy a comedy drama in four acts, entitled, "The Road to the City," which was staged under the auspices of the Order of Royal Purple. The play was a gratifying success from every standpoint, as all of the members of the cast took their parts commendably, and we understand there is a nice surplus which will be used for charitable purposes.

The cast of characters was: Harrison Burkholder, as Robert Darnell (a country physician); Maurice Sanderson, as Richard James (a man from the city); Kelsi McMurdo, as Jud Judkins (a young farmer); Chas. Enman, as John James (Richard's invalid father); Thos. Palfrey,

as Duke (a man of mystery); Edna Johnson, as Jet Sanderson (at the crossroads); Lauretta Vickers, as Toto Lee (her cousin); Norma Childy, as Lilly Morton (a girl from the city); Mary Baker, as Mrs. Sanderson (Jet's widowed mother); Kay Palfrey, as Marie (a lady's maid). The play was directed by Mrs. C. D. Enman, and she is to be congratulated upon the success of the enterprise, especially considering the short time given to preparation.

The trouble with a great many producers is that they don't know how to dispose of their goods. One local farmer has solved his hog marketing problem. He gave them away.

Alberta's Winnings at Chicago

Depressed economic conditions appear only to act as a stimulus to Alberta live stock and grain exhibitors in their efforts to beat their previous records in the International exhibitions. Once more the world wheat championship has come to Alberta from Chicago, the victory going to Herman Trelle, of Wembley, in the Peace River district, for the fourth time, as a result of the judging in the Chicago International show the past week. This record has never been equaled in the international show. Trelle won this year with a sample of Reward wheat. Three more championships came to Alberta, that in oats going to Fred Hann, of Grande Prairie district, a new exhibitor, that in timothy going to Erich Anderson, of

Wembley, and that in alfalfa going to Fred Ohman, of Scandia, south-east of Calgary.

In spring wheat, seven out of the first ten prizes went to Alberta exhibitors at Chicago, second prize going to F. Wilford, of Staveland. In all some 20 prizes in wheat came to this province.

Alberta exhibitors got seven prizes in the barley classes, and seven in the field classes, three in navy beans and one in rye, four in timothy, four in flax and two in alfalfa.

The Royal Fair Totals

The official count of Alberta winnings at the royal fair, Toronto, was as follows: Grand Championships, 4, others including reserves 21, specials 4, first prizes 53, seconds 49, thirds 32, other prizes 87, making a grand total of 251. In horses there were 15 prizes, in beef cattle 34, in market cattle 28, in dual-purpose

shortorns 4, in dairy cattle 57, in sheep 31, in swine 5, in poultry 23, in turkeys 9, in seed grains 29, and in junior seed classes 16.

To Halt Unemployed Marches
Definite action to prevent the rumored concentration of unemployed in the province in a march upon the capital at Edmonton is announced in a statement issued this week by Premier Brownlee. The statement points out that Communist literature has recently been circulated "reiterating demands already made on governments, and that the government expresses its opinion that the object is more the furtherance of Communist propaganda than the immediate solution of the unemployed problem. In view of this, the government has issued the following statement:

"The government has not refused to meet delegations from the unemployed in Edmonton and is equally ready to meet any delegation in Calgary or other points of the province, through ministers or properly accredited representatives of the government. This being the case, there is no reason why the concentration upon Edmonton, and instructions have been issued by the government to the Royal Canadian Mounted Police to take all adequate measures to stop any such attempt."

"The government takes this method of notifying all interested organizations that no such concentration will be permitted and that should any employed from other parts of the province succeed in reaching Edmonton, under no circumstances will relief be given here nor will any provision be made by the government for the return to the place from which they have come."

"All municipalities are being asked to co-operate with the government to this end, so that anyone applying for sustenance for any delegates who may come from other parts of the province will be treated in a similar manner."

A. G. Kingcott of Rose Lynn, 20 miles south of Hanna, furnishes the provincial poultry branch with some interesting and encouraging information with respect to his flock of 600 white Leghorn hens, for the period dating from October 1st, 1931, to September 30th, 1932. Mr. Kingcott has been unfortunate in losing his entire grain crop through drought for the past two years. He has had to buy feed and all told, he paid out for feed in the year \$500.00. During the year, he received for eggs \$1026.67. He sold poultry to the value of \$45.54, making a total return for the year of \$1072.21. This, after deducting the cost of feed, left a balance of \$572.21, or approximately \$50.00 a month labor income from 600 hens, or about 8c per bird. During the month of July, 1932, this flock produced 36 thirty-dozen crates of eggs which sold for \$97.37. June eggs brought only \$49.64 while November, 1931, brought \$133.17. At the present time Mr. Kingcott is getting a better price than that received a year ago. In the early part of June, eggs dropped to 4 1/2¢ a dozen, at which time Mr. Kingcott decided to discontinue the feeding of beef scrap and concentrates. The result was that egg production fell off so severely that he decided that it was poor business to stop production even at this low price, and recommenced feeding beef scrap, and as a result regained production.

In addition to the foregoing figures Mr. Kingcott states that he sold approximately 2000 hatching eggs as well as using all the eggs required in the house, which are not accounted for or included in the above statement. All the eggs sold were shipped to Calgary, where he supplied the retail stores.

This is a splendid example of what can be accomplished in the short crop areas by farmers in the way of furnishing themselves with a cash revenue from month to month.

Alberta's Rhodes Scholar

Alberta's new Rhodes scholar is Stanley Rands, B.A., of Macleod, a student at the University of Alberta. He was selected by the provincial board last week. Mr. Rands will enter Oxford University under the Rhodes scholarship plan next autumn.

Trans-Canada Highway

Alberta's section of the trans-Canada highway is now practically completed, according to Hon. O. L. McPherson, Alberta Minister of Public Works. The section is now a surfaced highway from the Saskatchewan border through Medicine Hat and Calgary to the western boundary of the province.

Pest Competition Results

Results of the annual competition for the destruction of agricultural pests in the province have just been announced by the provincial game branch at Edmonton. The total number of crows and magpies destroyed was 43,614, of gophers 621,786 and of crows' and magpies eggs 152,773. School children destroyed 33,405 crows and magpies; 465,223 gophers and 129,925 eggs. Adults destroyed 10,209 crows and magpies; 156,563 gophers and 29,848 eggs.

Winners in Competition No. 1, open to gun clubs, game protective associations and other organizations, were as follows: 1st prize, \$200, Lloyd George municipality, 194,399 points; 2nd prize, \$150, Hanna Fish and Game Association, Hanna; 3rd prize, \$100, Cardston Game Protective Association, Cardston.

No. 2 competition for individuals—4th, Oscar Shoeing, Wetaskiwin. No. 4 competition for school children, 8th, Herbert Hansen, Wetaskiwin.

Growth of the competitions and their effectiveness in killing off these pests, is indicated by the figures since 1924. In that year the total number of crows and magpies killed was 44,552 compared with this year's total of over 43,000 and last year's total of over 63,000. The total of gophers in 1931 was 220,000 compared with 621,000 this year. The high year for crows and magpies was in 1930 with 66,319, and for gophers was last year with over 836,000.

Christmas Gifts

With Christmas not many days away, I suppose most of you folks are hesitating what you're going to get for Uncle John, Aunt Kate, the youngsters and others who are near and dear to you. Save yourself some time in planning. Keep a good notebook handy and, as gift suggestions come to mind, jot them down. Then—whether the gift is home-made or bought—wrap it as soon as you have it ready at hand.

Make your gifts individual—something you know the recipient has personal desire for—something you know she or he will appreciate not only for its worth, but for the true Christmas spirit in which it is given.

Take care in selecting children's gifts. Far better to make them constructive rather than destructive gifts. And as well high unbreakable as possible—so that the children may find delight in them for a long time to come.

Christmas Decorations

Holly and mistletoe, pretty candles, gold and silver stars, poinsettias. Cranberries make a cheap pretty trim. Hollywreaths hung outside of windows keep fresh much longer than who hangs inside.

Artificial trimmings are pretty and economical. When put away carefully they will last a good many years. Such as small Christmas trees, cherries, poinsettias, holly.

Place Cards

One can always buy pretty place cards, but very nice ones can be made with little trouble or expense. It is easy to make Santa Claus place cards, stocking place cards and star place cards. Use parts of Christmas souvenir postal cards. Cut out advertisements pertaining to Christmas—color and paste on plain cards of desired shapes.

COOKING HINTS

Cranberry Hint

When cooking cranberries add a thin slice of apple to each pint of cranberries. This will take the bitterness away without interfering with the tartness.

Grapefruit Cocktail

Line sherbert glasses with lettuce leaves. Skin and cut up grapefruit. Fill glasses with cut up grapefruit. Sprinkle grapefruit with sugar. Add 1 teaspoon of maraschino cherry juice to each cocktail. Top each glass with a cherry.

Cranberry Apple Sauce

1 cup of ground apples.
1 cup of sugar.
1 cup of chopped cranberries.
Method: Mix well. Serve uncooked with meats.

Stuffed Dates

These are always a good addition to a Christmas candy box. Stuff them with nuts, prunes, orange marmalade or fondant.

Delicious Mince Meat

4 lb. of lean meat, 2 lb. of best suet, apples (twice as much as meat, 3 lb. of sugar; 2 quarts of cider, 4 lb. of seeded raisins, 3 lb. of currants, 1/2 lb. of citron, 1 quart of pickle juice, 1 tablespoon of cinnamon, 1/2 tablespoon of powdered cloves, 1 tablespoon of allspice, 1 1/2 cups of stock the meat was cooked in, 1 lemon soaked in hot water, salt.

Method: Cover meat and suet with boiling water and cook until tender. Chop meat. Chop apples and add to meat. Then add sugar, cider, raisins, currants, citron, suet and stock. Heat gradually and cook slowly for 2 hours. Then add juices and spices. Put in large crock and cover. A small quantity can be made. A jar of mince meat prettily decorated makes a very nice Christmas present.

Ginger Cookie Men

3 cups of flour, 3 teaspoons of baking powder, 1/2 teaspoon of salt, 3/4 teaspoon of ginger, 1/2 cup of shortening, 3/4 cup of molasses, 1/2 cup of brown sugar, 1 egg.

Method: Sift flour, baking powder, salt and ginger together. Mix molasses, egg, melted shortening and sugar together. Add the dry ingredients. This makes a soft dough. Shape in form of men, animals or plain cookies. Bake in a moderate oven 10 to 15 minutes. Grease pan. Use cloves, rice or currants for eyes and buttons.

HOW WE JUMBLE OUR LANGUAGE

Even to one whose mother tongue is English, the language is full of verbal peculiarities and puzzling contradictions, but which to a foreigner must be exasperating. "Oh, he's pretty ugly," admitted a young lady whose friend's facial features were being criticized. "It's a little big," complained a child when fitting a hat she had made on her doll's head. It was an Irishman on, on arrival, ex-

claimed joyfully, "By Jahers, I'm first at last! always used to be behind before!" It was probably the same man who on taking his carcass of hog to market explained, "It didn't weigh as much as I expected and I always thought it wouldn't." It was probably a foreigner who, warned to "look out," stuck his head out of the window and had it knocked off by a passing arc. A widow, on being asked how long her husband had been dead, answered, "If he had lived till next Friday, he would have been dead thirty-five years."

"Our abbreviations in pronunciation make our language unintelligible to foreigners and puzzling even to ourselves. "Will you have a cup-

tea" asked a lady of her French guest. Not knowing what this dish was and too modest to ask, he declined with thanks, and discovered later, to his regret, that it was English for a cup of tea.—Minnesota Tribune.

An exchange, recently printed a doctor's obituary in this doubtful fashion: "For fifty-five years, Dr. —practised medicine, being responsible for most of the babies in this community."

The severe weather has brought down the attendance in both schools to a considerable extent this week. Everybody is busy killing and dressing poultry for the Christmas market these days.

The country group of the Swedish Lutheran Ladies' Aid had planned a social gathering with a short program, for the purpose of raising funds for their group and to be held at the home of Mr. and Mrs. August Erickson, on Wednesday evening. However, owing to the cold weather it has been postponed indefinitely.

More telephones have been taken out of our district recently. Also, the subscribers who formerly made up the 28 line are being transferred to line No. 4.

Mr. and Mrs. Gus Elgert of Wetaskiwin, were guests at the Kasur home on Sunday.

WINFIELD

The dance held in Winfield school this week-end, in order to raise funds for the children's Christmas treat, was a huge success. The school was packed to capacity. The music for the occasion was given free by Miss Tompkins, Messrs. Jas. Ratcliffe, R. Tompkins, C. Tompkins, E. A. Taylor and others. Mr. Sydney Handbury acted as M.C. in his usual affable manner. At the supper-hour a much appreciated impromptu program was put on, consisting of solos, duets, step and tap dancing. An enthusiastic vote of thanks was tendered the musicians and teachers and pupils by the crowd.

Several from Winfield attended the dance in Wenham Valley school last Friday.

DUHAMEL

One of the prettiest and most interesting weddings which has ever taken place at Duhamel was solemnized at high noon on Monday, Nov. 28, between Miss Laura Elizabeth Kinsman, second daughter of Mrs. Kinsman of Bitter Lake, and Alexander Middleton (Sandy) Hutchinson, eldest son of Mr. and Mrs. Low Hutchinson. The church was beautifully decorated for the occasion with potted ferns and yellow 'mums. The bride party entered the church to the strains of the wedding march played by Mrs. Dixon and took their places beneath an arch formed of green boughs and flowers. The bride was given away by her brother-in-law, Mr. Leonard Murrant of Camrose, and was sweetly pretty in a long, close-fitting gown of rose peach satin backed crepe with jaqueta of the same material with close-fitting sleeves, shirred and falling full at the elbows, and with collar of white fur extending to the bottom of the jaqueta in front. She carried a bouquet of pale pink and red carnations and was attended by her sister, Miss Mammie Kinsman, dressed in a coral pink lace gown. The groom was supported by his brother, Charles, and the ceremony was performed by Dr. Stanley Scott. During the signing of the register, Mrs. Dixon played 'I Love You Truly'. About one hundred people in the community were at the church to see the young couple married and to offer good wishes. A luncheon and reception was held at the home of the bride's mother, Mrs. Kinsman, in the afternoon for the immediate relatives and friends. The young couple motored to Edmonton later in the day where the honeymoon will be spent.

It was with great sorrow that the family and friends of Mr. Davis learned that he had passed away in the University hospital, Edmonton, on November 20th, after an illness of several years.

The late Mr. Davis was born in Benton County, Iowa, in 1864. He was married to Miss Grace Bell in 1897, and came to Canada in 1912, since when he has been an active and respected resident of this community. The funeral services were held in the Zion Church on Nov. 23, after a short service at the home. Interment took place in the New Norway cemetery. He leaves to mourn his loss his beloved wife Grace Winfield; one son, Arnold Davis, of California; and six daughters, Mrs. Jess Meyer, of New Norway; Mrs. Harold Maynard of Gwynne; Mrs. Clarence Maynard of Edberg; Mrs. Arthur Walker, of Donald; and Mildred at home; also twenty-four grandchildren and a host of friends. The pallbearers were his five son-in-laws and eldest grandson, Messrs. Jess Meyer, Harold Maynard, Clarence Maynard, Kenneth Adams, Arthur Walker and Melvin Meyer.

TWO MEETINGS BID

(Continued from Page 1)

twice as much as it should have done, he said.

Money was a symbol of wealth, but only a symbol, he maintained. Canada needed only enough money to buy the amount of goods on the market at any given time.

"Who makes the money?" he asked. "The bankers have authority delegated by the government to make it."

"Peauharolds," shouted a voice from the audience.

"No. That's where they steal it and make it," Mr. Irvine retorted.

The Co-operative Federation, he declared, was trying to build the foundation of a new social order, "not by habit but by intelligence," he said. "Some of you have got the habit of voting 'grit' and 'tory' and you don't know why. Both are defenders of capitalism — of coupon clippers."

The Calgary byelection to fill the vacancy created by the resignation of Dr. H. W. McGill (Conservative) has been set for January 18.

LIBRARY NOTES

Special Notice! Please note the library will be closed next Monday, December 12th, owing to the library being used for the elections that day.

The Pulitzer prize novel of the year is "Good Earth," by Pearl S. Buck. The Chinese peasant life fills the canvas, inarticulate, insu-

able, his patient head haloed by the pitiless sun.

Two love stories by popular authors are "Sudden Sweetheart," by Berta Rouns. A gift of twenty thousand pounds conditional on his marriage within a certain period was very acceptable to Furse Latimer for the condition was so simple. He and his cousin were already engaged.

But things went awry and Marjorie Frost, the perfect secretary, came out in a different role. How she played it makes a story of profound interest.

"Half Angel," by Fanny Heaslip Lea. Many a book ends with a dramatic, headlong marriage, but few begin with one. "Half Angel" is one of the few which does not place two impetuous and vivid lovers on a dusty matrimonial shelf. Fanny Heaslip Lea tells the story of Carry and Nicholas with wit and sympathy.

The library will remain in its present quarters for the next two weeks.

GRAIN CLUB MEMBER MAKES GOOD SHOWING

An example of the good work being done by the junior seed grain clubs organized under direction of the provincial department of agriculture is noted in the experience of Edmund Soderstrom, son of Mr. and Mrs. Fred Soderstrom, member of the Brightview club organized in the spring of 1931. At that time Edmund Soderstrom received nine bushels of registered Victory oats. From these he threshed 193 bushels in the fall, which he kept for seedling on his father's farm. From this he threshed this fall a total of 2,292 bushels of high quality seed, most of which was disposed of for seed in the locality, at a premium.

Edmund Soderstrom previously took no interest in seed growing, but the club activities stimulated his ambition.

WEEKLY STOCK MARKET REPORT

The following is a report of the Edmonton Stock Yards, as supplied to The Times for the week ending December 6th:

Receipts: Cattle, 392; Calves, 157; Hogs, 2781; Sheep, 85.

Receipts of cattle so far this week have been very light. Buyers are operating fairly freely and salesmen are finding no difficulty in placing their offerings quite readily. In consequence grading is quite brisk and the market generally more active, especially on the better grades of lightweights. The following are the prices:

Good to choice lightweights on the fed calf order quoted at \$3.50 to \$4.00. The general run of good butcher steers \$3.00 to \$3.25; odd choice ones up to \$3.50; mediums \$2.25 to \$2.75; and common to fair \$1.50 to \$2.00. Good butcher heifers \$2.00 to \$2.25; mediums \$2.25 to \$2.75; and common to fair \$1.50 to \$2.00; good butcher cows \$1.75 to \$2.00; mediums \$1.25 to \$1.50; and common to fair 75¢ to \$1.25; canners and cutters 50¢ to \$1.00; bullocks 75¢ to \$1.00.

The stock market so far this week has been a rather dull affair, due principally to the poor quality of the offerings. Prices remain barely steady, with the general run of good stocker steers and heifers \$2.25 to \$2.75; plain to medium \$1.50 to \$2.00; stocker cows 75¢ to \$1.00.

Receipts of calves are on the light order. Values fairly steady. Good light vealers \$3.00 to \$3.50; plain to medium \$2.00 to \$2.75.

Hog market steady. Carloads sold at \$2.75 for the baconers fed and watered. Trucked-in baconers sold at \$2.65 for the baconers. Selects bringing a premium of 50¢ per cwt. and butchers discounted at 50¢ per cwt. Following are the cuts on the off-grade hogs: Heavies discounted 65¢ per cwt.; extra heavies 75¢ per cwt.; No. 1 sows 85¢ per cwt.; No. 2 sows \$1.00; roughs \$1.50; stages \$1.60.

Supplies of sheep have been light, with the bulk of offerings of an inferior quality. Prices throughout the week held fairly steady with good to choice lambs quoted at \$3.50 to \$4.00; common to medium \$2.00 to \$3.25; yearlings \$2.00 to \$3.00; and ewes \$1.00 to \$2.00.

LONE RIDGE U.F.A.

The next meeting of the above Local will be held in the Lone Ridge hall on Tuesday, Dec. 13th, at 8 p.m. As this is the annual business meeting with election of officers for the ensuing year, everyone, members, prospective members and anyone interested in U.F.A. work, are urged to make a point of attending this meeting. Many interesting topics will be discussed, and your opinion will be welcomed and valued.

ANNOUNCEMENT RESPECTING PATIENTS

The Wetaskiwin Community Hospital is now in operation and its services are available for anyone desiring hospital treatment. But it must be borne in mind by all prospective patients that the hospital is not a free institution. It cannot be kept in operation without funds; therefore people intending to use the hospital must be prepared to pay for the service.

The Municipality of Wetaskiwin and the City of Wetaskiwin have combined to build this hospital with the idea of providing hospital treatment in our home district for our own sick. We realize there will be indigents and are prepared to accommodate our own. But there must be a line drawn. It is unreasonable and the Board cannot accept unpaying patients from other Municipalities as a charge on the two Municipalities owning and operating the hospital. Therefore patients must be prepared to pay for the service required or bring an order from their Municipality to the effect that the Municipality will be responsible for the account.

The Board is prepared to enter into terms with any Municipality whereby their indigents or all their sick will be cared for.

Palpitation of the Heart Nerves So Bad Could Not Sleep

Mrs. Fred Bingham, Swift Current, Sask., writes:—
"I was bothered with palpitation of the heart, and my nerves were so bad I could not sleep.
I had several operations which seemed to make me worse every time.
I was getting desperate and confided my trouble to a friend who recommended me to use Milburn's Heart and Nerve Pills. I purchased a box and got such relief I would gladly recommend them to all who are troubled as I was.
For sale at all drug and general stores; put up only by The T. Milburn Co., Limited, Toronto, Ont."

A WARNING TO MOTORISTS

(By Dr. William J. Scholes)

All of the deaths caused by auto-
 mobiles are not due to reckless driv-
 ing or to "jay" walking. Each year a
 large number of people lose their
 lives by poisoning from automobile
 exhaust gas.

Many people who know that illumi-
 nating gas and coal gas are dangerous,
 seem to be unaware of the dangers of
 inhaling automobile exhaust gas.

The story of most of these trag-
 edies is essentially the same. The
 victim has gone into the garage—
 usually a one- or two-car private gar-
 age—and, started the motor of his
 car. He has neglected to close the
 doors of the garage. He has remain-
 ed in the closed, unventilated garage
 for a few minutes tinkering with the
 car while the motor was running. In
 the meantime the concentration of
 carbon monoxide in the air has been
 increasing to dangerous proportions.

Gas Not Perceptible

Now carbon monoxide gas cannot
 be seen. It has no odor or taste. One
 does not know that he is getting a
 poisonous dose until symptoms of
 poisoning develop. And these sym-
 ptoms are perhaps not long in develop-
 ing. They are headache, dizziness,
 difficult breathing, a feeling of sick-
 ness at the stomach.

If one heeds the symptoms and gets
 out of doors while he is still able to,
 he may soon recover. If he ignores
 the warning symptoms, he may soon
 become unconscious. It seems likely
 that in many instances, unconscious-
 ness may have occurred so rapidly
 that the victim did not have time to
 escape.

First aid to victims of gas poison-
 ing consists in immediate removal to
 the fresh air and in giving artificial
 respiration, such as is given to per-
 sons who have drowned. The patient
 should be covered with a blanket in
 order to avoid chilling. A physician
 should be called, as additional treat-
 ment for the after-effects of the poi-
 soning is often necessary.

The way to avoid poisoning from
 automobile exhaust gas is to insure
 a plentiful supply of fresh air by
 opening the doors of the garage be-
 fore starting the motor.—Copyright.

CHAIN STORE OPTIMISTIC

With economic conditions today an
 undoubted cause of hesitation on the
 part of Western business executives,
 it is highly encouraging to witness
 Macleod's Limited, continue their
 policy of opening retail farm supply
 stores in towns and cities throughout
 the West.

During a two year period just end-
 ed many such stores have been put
 in operation by the company. These
 retail stores are located so that each
 serves a territory outstanding in its
 progressive farming interests. This
 fact is evident when consideration is
 made of Lethbridge and of Stettler,
 the centres favored as newest units
 in the chain of Macleod stores.

When approached on the matter, R.
 M. Macleod, managing director of the
 company, stated that these retail
 stores would not affect the firm's es-
 tablished policy. He further averred
 that the business of Macleod's Lim-
 ited is chiefly mail-order. In their
 specialty of farm equipment and sup-
 plies they operate the largest busi-
 ness of its kind in Canada.

A bank manager in a small town in
 central Alberta seized a crop on a
 half section of land before harvest.
 He bought twine and hired cutting
 and stooking, also had the wheat
 threshed and hauled to the elevator.
 He is now holding the grain in the
 elevator because at present prices he
 cannot meet the expenses he incurred.
 The question arises, how can the
 farmer get along when he has to pay
 for, besides the above expenses, seed,
 taxes, repairs, feed and incidental
 expenses and living and clothing for
 himself and his family for a year?—

SCOUTS CONVEY THANKS

MILLET LADIES' AID

The 1st Millet Troop Boy Scouts wish to convey their sincere thanks to all kind friends who so splendidly assisted them by giving toys, etc., and helped to make our Christmas Toy Shop such a huge success this year. You will all be pleased to hear that after all toys had been repaired, etc., there were sufficient to bring a little Christmas cheer to no less than some seventy homes, who otherwise would have but little, if any. Once again thanking you all for the splendid way in which you have helped us, we wish you all a Merry Christmas and Happy New Year.

The Scouts also wish to convey their sincere thanks to The Wetaskiwin Times for assisting them with publicity.

Registration of single men on relief in Edmonton was discontinued on Thursday, with a total of about 2,700 on the list. Full responsibility for single men as from Saturday last has been assumed by the new government relief commission, and at least 75 per cent of the cost up to that time will be met through the provincial government. A campaign to raise a provincial Red Cross relief fund of \$55,000 began Monday, with Edmonton and Calgary as divisional headquarters.

Trade with the merchants who advertise in this paper.

The December meeting of the Ladies' Aid was held in the church. Miss Alice Dowler conducted the missionary program. Considerable business was disposed of, besides relief work. The sum of \$10 was voted on the budget. The next meeting will be held at the home of Mrs. V. C. Row, with Mrs. T. K. Rogne as assistant hostess. All ladies cordially invited.

MILLET U.F.W.A.

The Millet U.F.W.A. will hold their annual meeting at the home of Mrs. W. L. Gray on Thursday, December 15th. Roll call to be a limerick on each other of not less than four lines. Each member to bring a new member or pay a fine of 25c.

Instead of exchanging gifts this year, it was decided that each one would make an article to be donated and given to needy.

The meeting will start at 2 p.m., and each member is requested to attend. There will be cars or sleighs waiting at the telephone office for anyone wanting a ride out. Don't forget your new member, and be at the telephone office not later than 1:45 p.m.

A couple of American hunters went to Northern Ontario for big game. They got two deer, and estimated the cost as follows: "It cost them \$102 for hunting licenses, \$20 for hotel bills, \$120 for guides, \$25 for gas and car upkeep and \$25 for incidentals. Now that makes a total of \$292, doesn't it? That means they paid nearly \$150 for each deer."

The Toronto Star tells this one: "A few weeks ago a man was obliged to get from Calgary to Toronto. He had no money, so he started walking. But in order to do as little hiking as possible he carried on his back a placard 'Motorists, unless you give a lift, I will vote for Bennett at the next election.' They say he walked only 100 yards of the way."

Canadian Pacific Welcomes Co-operation But Opposes Compulsory Arbitration

E. W. Beatty K. C., Chairman and President Makes Vigorous Protest Against Proposed Arbitral Board in Presenting Company's Case Before Senate Committee Considering Legislation to Implement Duff Report.

WELCOMING the suggestion of co-operation and voluntary agreement, but vigorously protesting against the proposed Arbitral Board and compulsory arbitration, E. W. Beatty, K.C., Chairman and President of Canadian Pacific Railway, recently stated the case for his company before the Senate Railway Committee considering legislation to implement recommendations made by the Royal Commission on Railways and transportation in Canada.

"Against the compulsory arbitration embodied in part of the Bill the Company must enter its most vigorous protest," Mr. Beatty declared. "An examination of the subjects enumerated in Section 13 of the Bill shows that the Arbitral Tribunal embraces matters of great importance as to amount to virtual control in all minor branches of its undertaking. Take alone the subjects of joint terminals and the pooling of traffic. The former are the nerve centres of railway operations, and the latter involve the whole benefit received from such operations. It is to be open to either party to propose measures involving these vital matters, and, if agreement is not reached, both the principle of the proposal and the terms on which it is to be carried out are to be left to arbitration. It will be noted that every one of the subjects involve questions of policy, questions of administration, and, underlying both of those, questions of law, and for that reason, they are in my submission, not fit and proper to be determined by arbitration. The Company welcomes the suggestion of voluntary agreement as to such matters. They are quite properly the subject of voluntary co-operation, but the Company is startled by the suggestion that they may be forced upon it by an authority not responsible to its shareholders. Control by a tribunal constituted in the proposed manner should not be imposed upon a privately owned railway company operating in competition with the Government Railways.

"The sweeping character of the arbitration feature of the Bill is shown by the provisions of Section 17, which declares that it is to extend to all disputes between the two companies. Probably this expression was intended as incidental to the measures of co-operation enumerated in Section 19, but, in any case, it opens up a very wide field of jurisdiction to the shareholders on their investment. It is my submission to the Senate that the magnitude of their undertaking and its importance to the country entitle them to consideration in any legislative measure affecting their control of their property. They have provided Canada with a transportation service on land and sea that is unequalled in the world, and there is no part of her settled territory and no phase of her commercial life and welfare that is not touched by the operations of the Company and concerned in the continued success of its enterprise. As the Royal Commission has said, the Company is Canada's largest taxpayer. Its tax bill during the last ten years averaged more than \$2,000,000 per annum, and since its incorporation it has paid upward of \$116,000,000 in taxes. During the last fifteen years it has contributed to the Federal exchequer the sum of \$25,500,000. As a citizen it has contributed its full share to institutions of a public nature for the advancement of social and commercial welfare."

stock at an average premium of 100% receiving therefor \$352,016,000 without expense to the Dominion, direct or indirect. At that average price, a dividend of 5% yields a return of only 3.5% to the shareholders on their investment. It is my submission to the Senate that the magnitude of their undertaking and its importance to the country entitle them to consideration in any legislative measure affecting their control of their property. They have provided Canada with a transportation service on land and sea that is unequalled in the world, and there is no part of her settled territory and no phase of her commercial life and welfare that is not touched by the operations of the Company and concerned in the continued success of its enterprise. As a citizen it has contributed its full share to institutions of a public nature for the advancement of social and commercial welfare."

"If it be the view of Parliament that co-operation shall be controlled and directed by another and independent tribunal, whose decisions shall be final and binding on the Canadian Pacific, then I would suggest, for your consideration, that the Government of Canada should enter into an agreement for a period of years by which the Company would agree to this form of administration upon receiving protection to the holders of its securities and shares; that the Company should be given the right of the relinquishment of the control of their own property during the term of such agreement."

In leading up to his statement of the Company's position, Mr. Beatty pointed to the great part the Company has played in the up-building of Canada and argued that the proposed Arbitral Board was in fact an invasion of the Company's charter rights—rights granted it in return for construction and the road and the making of Confederation an established fact. "During the fifty years of its existence the Canadian Pacific has taken its place as a leading factor in the growth of the country," he said, "until its property investment now exceeds more than \$1,100,000,000, held by not less than 180,000 share and security holders, over 50,000 of whom are Canadians. Since 1902 the Company has la-
